Madras Legislative Assembly Question No. 511. (P.W.D. Starred)

Draft answer.

~~Starred Qn.~~

(Sri A. B. Shetty, M.L.A.)

~~Q.~~ Will the Hon'ble the Minister for Pub. Works be pleased to state

(1) the no. of unbridged rivers on the Coastal road and on other important marketing roads of South Kanara and

22 on the Coast road and 6 on other impt. marketing roads.

(2) which of them is proposed to be bridged in the post-war plan.

Provision exists in the post-war Road programme drawn up by the previous Govt. for Constructing bridges for all the crossings, except that at K. 59/7 of the Mangalore Bantwal coast road. It is found necessary to curtail the post-war road programme and a revised programme is being prepared. It is not possible now to say whether all these works will find a place in the revised programme but the fact that here has been neglect in the past in regard to Communications in the Dt. will be given due consideration in fixing priority for the works.

ANSWER.

(1) 22 on the coastal road and
6 on other important marketing roads.

(2) Provision exists in the Post-war Road programme drawn up by the previous Government for constructing bridges for all the crossings referred to in answer to clause (1) except that at M.39/7 of the Mangalore Baindur Coast road. It is found necessary to curtail the post-war road programme and a revised programme is being prepared. It is not possible now to say whether all these works will find a place in the revised programme but the fact that there has been neglect in the past in regard to communications in the District will be given due consideration in fixing priority for the works.

please see the Legislature Assembly question No. 611 at p.1 Cf. regarding unbridged crossings on the Coastal roads and the other important marketing roads in the South Kanara District. The question is starred. An advance copy was circulated to H.M.(P.W)

2. The C.E(H) has stated that unbridged crossings exist on the two Coastal roads and the two important marketing roads in South Kanara as specified at A. on p.7 Cf.

The number of crossings with particulars of the mileage of roads at which each of them are situated and the proposals in the post-war programme for constructing bridges at these crossings, the allotments made and the priority assigned for these works are given in the statement at p. 9 of. The roads are under the control of Govt.

It will be seen that there are 28 unbridged crossings and that all of them except one (at M. 59/7 of the Mangalore - Bandipur Road) are proposed to be bridged under the post-war programme in phases III and IV (i.e. from the 6th to 10th year of the 11th to the 15 year of the programme) at a total cost of 53.30 lakhs. As regards the crossing at M. 59/7 of the Mangalore Bandipur Road, the C.E. has stated that the crossing is 4000 ft wide, that the cost of the bridging will be over Rs. 20 lakhs and that as there are alternative routes, the programme does not provide for bridging at this place.

The Comprehensive 15 year post-war road programme is proposed to be curtailed so as to bring down the expenditure on works on roads other than National Highways from Rs. 65 Crores to Rs. 30 Crores. It cannot be said now how the proposed cut will affect the works referred to. The question of improving road Communications in South Kanara
